

# PULSA *Viva*

Dear guest

Welcome to our Pulsa Bar & Lounge Restaurant. As part of our strategy we take our responsibility seriously and contribute to sustainability in various sections. Our chef, Thomas Huber, has been inspired by the vegan and vegetarian cuisine and has created the PULSA VIVA dishes with his team. All dishes, from the broth, dumplings and desserts are homemade.

Of course, we also like to eat meat or fish from time to time, so you will also find a selection of regional meat products on our menu. We think it is definitely worth trying the new PULSA VIVA creations.

Enjoy your time and
